Consumer Outreach

Describe consumer outreach efforts in the past 12 months: BLEW works with hearing impaired customers in its retail stores to select a phone most suitable to their needs as well as works with training its retail staff regarding making HAC handsets available to hearing impaired customers or customers who may desire such models. BLEW also lists its HAC handsets on its public website.

Methodology for Functionality Levels

BLEW offers handsets across different levels of functionality. BLEW defines levels of functionality according to features and characteristics of the handset. Handsets classified as Level 1 handsets include basic voice and texting functionality and are generally available for under \$75. Level 2 handsets include voice/texting as well as picture cameras or keyboards and are generally available for under \$120. Level 3 handsets include voice/texting/picture cameras as well as texting keyboards, touchscreens or MP3 players and are generally between \$120 and \$250. BLEW offers HAC compliant models in all of its functionality categories.
